Automatic toilet seat

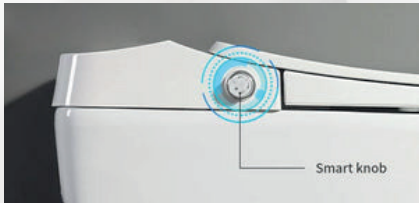

No more touching the toilet lid, it will open and close automatically

Adjustable water temperature & air dry

Bidets are used all around the world and are scientifically proven to be more hygienic than toilet paper. On top of maintaining you cleaner and healthier, bidets save water. Toilet paper requires tonnes of water to manufacture and pollutes our water systems. You can feel comfortable knowing that bidets are good for you, and for the environment.

Infinity Smart Knob

The easy-to-reach Infinity Knob allows users to initiate rear/front wash, adjust water pressure while washing, and start/stop ongoing functions and initiate warm air dryer.

Kick Button

The kick button, located at the bottom of the unit, allows the user to flush the toilet without reaching for remote or the side buttons.

Heated Seat

Antibacterial coating elongated heated seat provides warm and comfort even in the coldest weathers. Instant warm water and warm seat provides the ultimate comfort to the user specially during the cold weather and both temperatures can be adjusted or set to room temperature.
