THE BOLD LOOK OF KOHLER.

Installation

- Single- or two-hole installation
- Flexible supply lines simplify installation

Installation Notes

Install this product according to the installation instructions.

For Two-Hole Installations, the maximum distance between the faucet and the digital interface is limited by the available cable length of 13" (330mm). If additional length is required, use the 1606422 User Interface Extension Cable, which provides an extra 59" (1500 mm). Sold separately.
ADA, CSA B651 compliant when installed to the specific requirements of these regulations.
